The Board shall periodically cause an independent survey to be conducted among students and faculty of the College evaluating institutional administration, instructional quality, and faculty effectiveness, and such other matters as the Board may deem appropriate. Such an independent survey is to be conducted every three years, or as required by the accreditation standards of the Accrediting Commission for Community and Junior Colleges (ACCJC), Western Association of Schools and Colleges (WASC).

The Board shall transmit a copy of the results of the survey to the FSM President, the Congress of the Federated States of Micronesia (FSM), and the governors of the states of the FSM within 60 calendar days of the completion of the survey.

The periodic reports from evaluation teams issued by ACCJC may be used as a substitute for the required independent survey, consistent with national leadership practice.
