

World Diabetes Day 2026

The COM-FSM National Campus is commemorating World Diabetes Day 2026 on Friday, November 13, 2026 from 8:30AM-2:00PM in front of the LRC.

With the theme, **“Early action on diabetes”** the organizing committee in collaboration with the Division of Health Science, the Divisions of Primary Health Care and Dental Health Services, Pohnpei State, Medpharm Clinic and Pharmacy and others have planned activities to increase the public awareness about diabetes and ways to prevent and control it.

Activities during the day include:

- A short ceremony held to open the day’s activities with a special presentation given by Mrs. Maryallen Donre-Silbanuz, Coordinator of Non-Communicable Diseases (NCD), Pohnpei State. This will begin at 9:00AM and it will be held in front of the LRC. After the program, the day’s activities will continue with
- Health screenings, administration of the seasonal influenza vaccinations and deworming medications and others
- The day’s activities will be closed with a “march” against Diabetes to be organized and held on Campus. Registration for the march will begin at 8:00AM and actual march will begin at 1:00 PM. Small towels will be given out for the first 100 finishers.
- Refreshments will be served.
